Enhancer Line

The Enhancer Line is designed to spotlight and amplify the most iconic aromatic traits across cannabis, fruity, and funky flavor profiles.

Whether it's deep Kush-like richness, sweet indulgent notes, or juicy fruit expressions, these formulations elevate products with bold, memorable character. Each profile is crafted to boost sensory intensity, enhance olfactory impact, and deliver a consistent, true-to-nose experience across product types.

Live Line

The Live Line captures cannabis at its peak - before harvest, before curing - preserving the fresh, untouched terpene profile of the living flower.

Using Headspace technology, this line offers rare, vibrant aromas that traditional drying processes erase. It's the closest you'll get to smelling a fresh flower in the field.
